Student License Agreement

Through the Design & Technology in Schools Program, Parametric Technology Corporation (PTC) permits the use of Pro/ENGINEER Schools Edition for home use, under certain conditions. The permission for expanded student use is assigned to the PTC trained and licensed instructor, not to a particular school or institution. The conditions for student use are

- The student may load or install the software on a single, home desktop or laptop computer.
- The student may **NOT** make a copy of the software, including the CD itself, or allow another individual to make a copy of the software.
- The software must be used for educational purposes only.
- When the student is no longer associated as a student with the PTC licensed instructor, the student will remove the software from the computer on which it has been loaded or installed.
- PTC will not provide technical support for the software.
- The software comes “as is.” The student user and parent/guardian accept all responsibility for determining the suitability for installation of the software and accept all risk for installation of the software.

PTC certified Design & Technology in Schools Instructor: Mr. Eric Brunelle

Student Name _____

Student Address _____

Course/Class _____

I have read the conditions for expanded student use listed above. I understand and agree to the conditions listed above for the expanded student use of the Pro/ENGINEER Schools Edition software.
